Register Now for New “Rides for Seniors” -- On-Demand Transportation at Your Fingertips

Uber is not just for the tech savvy, younger generations anymore. The Tri-Town 55+ Coalition has launched a new pilot program “Rides for Seniors” which will help senior residents, 65 and older, from the Chathams and Madison get to where they want to go, when they want to go—day or night, without the need of a smart phone.

Tri-Town 55+ Coalition is working with GoGoGrandparent, an on-demand transportation company based in California, to offer the “Rides for Seniors” pilot program. The service is available for medical appointments, errands, or pleasure. Rides are available 24 hours a day, 7 days a week.

The Tri-Town 55+ Coalition will subsidize each one-way trip, up to 15 miles, at a cost of only \$5. Riders will be able to travel as far as Morristown, Florham Park, Summit, Berkeley Heights, New Providence and Millburn. This geographical area includes three major local hospitals, as well as many restaurants, retailers and entertainment venues such as The Mayo Performing Arts Center in Morristown and the Paper Mill Playhouse in Millburn.

Registration is now open and easy! To register for “Ride for Seniors” call GoGoGrandparent at **1-855-464-6872** and follow the prompts or you can register online at **www.tritown55plus.org**. A list of frequently asked questions about the program is also available on the website.
