

Borough of Chatham

Annual Report

2008

Bureau of Fire Safety

Wal ter Nugent III – Fire Official

Fire Investigations

Eight fire investigations were conducted at the following locations.

02-19-08	41 North Passaic Ave	Chatham Collision
04-09-08	380 Main St Apt 34	Multifamily residence
04-22-08	415 Main Street	Chatham Chiropractic Center
05-05-08	480 Main Street	Chatham Middle School – Car Fire
05-11-08	30 River Road	Mixed Use – Residential/Commercial
05-17-08	41 Meadowbrook Rd	One Family Residence
05-20-08	11B Roosevelt Ave	Bella Luna
12-27-08	137 Weston Ave	One Family Residence

Penalty Account

There were two penalties issued, one that was collected totaling \$1,000 and one that will be collected in 2009.

Building Department Coverage

Coverage is provided to the building department as needed during Bill Jankowski's absence to conduct Fire Sub-Code inspections of new construction. Some of the inspections are time sensitive and can not wait until his return.

Business Registrations

Fees collected totaled \$ 13,506.00. This process as recommended by the State Division of Fire Safety has enabled us to obtain and maintain current information of all building owners and business owners in the Borough in addition to offset costs of the operation of the Bureau of Fire Safety.

Emergency Preplan Information

Building preplan information is being maintained in the Emergency Software Products software program. Information will be utilized to assist the fire department during an emergency. Utility controls has been identified, sprinkler connection and control information has been obtained. Any special hazards identified are also noted in the emergency preplan. Information is verified and updated during each fire inspection.

Fire Safety Bureau Revenue

Life Hazard Use Registration Fees from State	\$13,815.75
Local Non-Life Hazard Use Registrations	\$13,506.00
Fire Code Violation Penalties	\$ 1,000.00
Permits	\$ <u>336.00</u>
Total	<u>\$28,657.75</u>

Fire Safety Inspections

Following is Fire Safety Inspection Log dated December 31, 2008. There were a total of 267 new inspections conducted, 73 being Life Hazard Use inspection and 194 being Non-Life Hazard Use. There were 268 re-inspections conducted. This brings the total number of inspections to 535.

Inspection Summary for 2008

Life Hazard	73
Non-Life Hazard	194
Re-Inspections	268
Certificated Issued	237

Special Projects

- Attended School Safety Initiative Training that was presented by the Morris County Prosecutors Office. There were representatives from many towns throughout Morris County. The School District of the Chathams was well represented. Many safety topics were discussed including lock down procedures.
- I researched in detail the three Grants provided to the fire service from FEMA. Needs of the Chatham Borough Fire Department were discussed with the Chief. There were various meetings and correspondence with Janice Piccolo pertaining to what she would need to write a successful grant. Unfortunately with the current condition of the economy the grant that was to be funded in October never was. I will continue to monitor the status of the grants and will be prepared to act when they are once again funded.
- Conducted the College Fire Safety 101 program to multiple high school senior classes. The program was developed after the Seton Hall University Fire that Occurred January 19, 2000. The fire that occurred in a dormitory hall killed three students and injured 58. The program was designed to teach graduating seniors about all fire and life safety hazards. The goal is to provide them information so they can make safe decisions so they will return to their families after their college experience. On average 15 college students die as a result of fire each year.
- Reviewed evacuation procedures with the Principal of ECLC. Staff and students are very familiar with what to do on a straight forward fire emergency. We reviewed table top examples of an array of different types of emergency evacuation scenarios.
- I was recently certified by the National Association of Fire Investigators as a Fire and Explosion Investigator. Certification was obtained by submitting credentials pertaining to personal investigation experience, education, training, and by passing a national recognized test on fire and explosion investigations.

Final Comments

I am looking forward to providing a level of service to all business owners and building owners that they are used to receiving in Chatham Borough. In the field of fire prevention it is almost impossible to document a specific day that a fire was prevented. It is much more obvious to identify those fires that did occur. There were three fires that required a fire cause investigation in commercial properties last year. Fortunately all three fires did not spread far and were quickly extinguished. Every year that inspections are conducted occupants level of fire awareness is raised.

A conscious effort is made during each inspection to educate building occupants as to why certain conditions should not exist. I have noticed that this helps to gain compliance quicker and it also reduces the chance of hazard reoccurring.

I find code enforcement enjoyable since I view it as a responsibility to assist building owners in avoiding fire tragedies. Unfortunately, there are fires that were not able to be prevented. I am required to make sure that the cause of the fire is thoroughly investigated. Some of my recent fire investigations this year have been perfect examples of how Chatham Borough is a great place to live and work. The working relationship exhibited at a fire scene investigation between this Fire Safety Bureau, the Chatham Borough Detective Bureau while photographing the scene and the Chatham Borough Fire Department who many times assists in scene reconstruction is a perfect example how employees save tax payer dollars by wear many hats. This cross training of departments has worked excellent during fire investigations to provide the best level of service to our residents.

Respectfully Submitted,

Walter Nugent III
Fire Official
