Dear Sir/Madam:

Groundwater & Environmental Services, Inc. (GES), on behalf of ExxonMobil Environmental Services Company (ExxonMobil), is investigating environmental conditions at the former Mobil service station located at 118 Main Street and Hedges Avenue in Chatham, New Jersey, Block 53, Lot: 32. As part of this investigation, we have tested the groundwater and soil around this former service station for the presence of certain compounds found in petroleum fuels for which the State of New Jersey (the State) has established groundwater and soil quality standards.

As required by the State, ExxonMobil is providing you notice of the environmental investigation at this property. Our future work will include continued groundwater sampling. The work will be done under guidelines established by the New Jersey Department of Environmental Protection (NJDEP), which has assigned it case numbers 86-12-24-0200, 91-11-19-1428, 94-12-21-1330, 02-12-20-1540-14, 05-18-1428-23, and 08-11-21-1406-28. Copies of all environmental reports will be made available to the municipality upon the municipality's request.

For more information, please contact GES, on behalf of ExxonMobil, at 866-639-3459.

Sincerely,

Cynthia King  
Project Manager  
Groundwater & Environmental Services, Inc.
