

Medical Reserve Corps
Chatham Borough

Medical and public health professionals are needed to help in times of need - mass inoculations, distributions of medications, participate in community preparedness activities, emergency scenarios, shelter exercise, etc.

MRC volunteers supplement existing local and public health resources.

To help your neighbors, please contact John Theese,
Chatham Boroughs Health Officer, at 973-593-3081 or by email at TheeseJ@MHD.rosenet.org
