ADMINISTRATOR’S REPORT FOR THE YEAR 2015

The year 2015 was another very positive year with many accomplishments. The year 2015 began with the preparation of the 2015 budget.

The highlight of 2015 was the Tricentennial celebration that was held in June. The event was planned well and attendance was excellent. Mrs. Fife and Mrs. Piccolo dedicated many hours to ensure the celebration would be a great success.

The Sustainable Jersey Silver Certification Award was presented to Borough officials at the 2015 New Jersey League of Municipalities Conference. The Borough also received for the third time the Champion Award.

The Borough Council approved the water capital improvement plan. Over the next two years, the Borough’s water system will be upgraded at a cost of approximately $500,000.00. The project will be completely funded from the water surplus budget.

At the December 2014 employee recognition ceremony, I spoke about change. The year 2015 can be defined as a year of change. The reorganization plan was completed in February. The Administrator’s and the Engineering Offices were moved from the upper level of Borough Hall to the middle level. The new Community Services Department was added. The recreation function was reassigned to the new Community Services Department. Cathy Baldwin was reassigned from the Borough Clerk’s Office to replace Janice Piccolo as the Administrative Assistant to the Borough Administrator. Janice Piccolo was promoted to Director of Community Services. Lieutenant Brian Gibbons was promoted to the rank of Captain. The Director of Public Works, Bob Venezia, retired in October. The Deputy Public Works Director, Tony Torello, was promoted to Director of Public Works. Doug Allan was promoted to the rank of Fire Chief, replacing Peter Glogolich who served as Fire Chief for fifteen years. In addition to serving as the fulltime Fire Coordinator, Steve Williams accepted the additional responsibility of Assistant Administrator. Steve’s duties were expanded to include responsibilities for Affordable Housing, Fire Official, Emergency Management and Media Program Management.

The administrative staff has been reduced from sixty-six fulltime employees in 2008 to forty-nine employees for years 2013, 2014 and 2015. Two fulltime positions have been reduced to part time positions. Although the staff has been reduced, the services provided to the residents have not been reduced or eliminated. The quality and types of services provided has not changed. Utilization of new technologies and the dedication of the staff is the reason that the types and quality of the services provided has not changed. The employees of the
Borough of Chatham continually strive for excellence which translates to efficient and effective delivery of services to the public. The department heads worked cooperatively with the Mayor and Borough Council to reduce expenses while maintaining the level of services that are necessary to continue the high quality of life that the residents of Chatham Borough appreciate.

The goals established for 2016 are very well thought out and build on the improvements that we accomplished in 2015. Chatham Borough will continue to be recognized for excellence. The 2016 goals will continue to improve infrastructure, efficient delivery of services, quality employee service and responsive transparent government.

Mr. Lott will also provide guidance on whether or not the Borough should file for a declaratory judgment within the 120 day window. Steve Williams is working with the Municipal Housing Liaison to evaluate grant possibilities that would augment developer fees for rehabilitation projects.

In preparation of filing a Declaratory Judgment, the Affordable Housing Committee met on June 3, 2015 to discuss the plan developed by Susan Blickstein and Elizabeth Mackenzie. As part of a new 2015 Housing Element and Fair Share Plan, sites will be identified for development and redevelopment for age-restricted and affordable housing sites within the Borough. The Borough’s immunity from builders remedy lawsuits runs formally until January 2016, but most likely will be extended until the Judge hears the Borough’s case in early 2016. The Assistant Administrator met with the CFO and together with the Borough Attorney and Planner developed and revised the Affordable Housing Spending Plan which was included in the 2015 draft HEFSP submission to the Court. The Borough’s Administrative Agent has been involved working to secure a new tenant for one Affordable Housing unit on Summit Avenue.
