THE YEAR 2012

The year 2012 was a very difficult year for Mayor Harris and the Borough Council. The year 2012 began with the preparation of the 2012 budget. The Mayor and Borough Council had to prepare the 2012 budget with reduced tax revenues, the result of lower property assessments. The new shared services with Madison; court and construction as well as the transfer of emergency communications to Morris County did reduce salary and benefits expenses. The joint construction department and the court have all operated without any disruption of service. The renovation of Memorial Park Field and Pool transformed the area into a facility that the residents can be proud to have in their community. Throughout 2012, the cleanup from the August 27, 2011 and October 29, 2011 storms continued. The cleanup expenses for the August 27, 2011 storm totaled $130,000 and the October 29, 2011 storm cleanup costs totaled approximately $50,000. The October 29, 2011 snow storm was a historic event. Then on October 29, 2012, Hurricane Sandy struck New Jersey. Power outages within the Borough of Chatham lasted over ten days. The total cost for the response, cleanup and property damage for this natural disaster is in excess of approximately $738,000.

The Borough continues to provide annual workplace harassment training sessions for all paid employees, professionals and volunteers. The goal for 2013 will be to provide electronic access to the training. The employees of the Borough of Chatham continually strive for excellence which translates to efficient and effective delivery of services to the public.

The department heads worked cooperatively with the Mayor and Borough Council to reduce expenses while maintaining the level of services that are necessary to continue the high quality of life that the residents of Chatham Borough appreciate.

On January 1, 2011, Chatham Borough implemented single stream recycling. The contract was extended for 2012 and 2013.

The year 2013 will be very challenging. Given the current economic climate, the 2013 municipal budget will have to be reviewed line item by line item with a very thorough review of revenue streams. The Finance Committee initiated the budget review process in September 2012.
Through the great work of Cindy Steffens, Chatham Borough received silver certification from Sustainable New Jersey. Cindy is applauded for her volunteer service.

Chatham Borough will continue to be recognized for excellence. The 2013 goals will continue to improve infrastructure, efficient delivery of services, quality employee service and responsive transparent government.
