Announcement No. 8

Our Chatham Borough Health Officer was notified of fourteen (14) additional residents that have tested positive (April 5-9) for the COVID-19 virus for a total of thirty-nine (39) positive cases. For patient confidentiality purposes, specific details will not be released. As is standard protocol, our health department is monitoring and investigating the cases including contact tracing and notifying appropriate parties. Self-quarantining protocols are in place.

As a reminder, residents should be staying home during the Governor's Order. We should all (including children) be continuing our own social distancing and other guidelines to minimize community spread. We will continue to share information on this and other cases when appropriate.
