Announcement No. 61

Chatham Borough Health Officer reported that one (1) resident has tested positive (June 1 – June 10) for the COVID-19 virus for a total of 301* positive cases year-to-date and a total of 546* positive cases from the start of the pandemic. This week's cases include residents whose age is 22 years of age. 0 residents whose age is not available, 0 residents 11 years of age or under, 0 residents are 12 to 20 years of age and 1 resident is 21 years or above in age.

We are encouraging parents, teens, children, and business owners to continue their responsible approach to slowing the spread of Covid-19 by:

- Wearing masks whenever you feel the need to
- Washing hands often
- Disinfecting frequently touched surfaces
- Staying home if you do not feel well

Please continue to do your part for the sake of your family, friends, and your community!

We will continue to share information on this and other cases when appropriate.

For more information on COVID-19, please visit www.chathamborough.org, CDC or covid19.nj.gov .
