Storm Update

April 3, 2016 – 7 p.m.

Morristown, N.J. – Jersey Central Power & Light (JCP&L) has restored service to more than 77,000 customers who lost power as a result of today’s severe wind storm. Service to the remaining 13,800 customers is expected to be restored by midnight on Monday.

The extreme wind gusts experienced today resulted in hundreds of locations with downed trees, limbs or branches, and hampered utility crews’ efforts to restore customers.

Customers who remain without power on Monday evening are encouraged to call 1-888-LIGHTSS (844-544-4877) or click the “Report Outage” link on www.jcp-l.com.
