

Morris County has moved to a new emergency alert system called **AlertMorris**. In our town, it is called **AlertChathamBorough** 

With **AlertChathamBorough**, you can receive emergency alerts by email, text, phone, or whatever method of communication you prefer.

**Sign Up for free at** <a href="https://www.smart911.com/smart911/login.action.">https://www.smart911.com/smart911/login.action.</a> If you were a member of the County's old notification system, Everbridge, your information was forwarded to **AlertChathamBorough.** But we ask that you register again, so we are sure to have captured everyone in the new system.

## Alerts on Social Media

Morris County's social media alert accounts on Facebook and Twitter, @MCUrgent, also have changed their names to @AlertMorris. Get updates from OEM and multijurisdictional emergency alerts through your favorite social media platform!

If you'd already signed up for @MCUrgent, there's nothing to do – you'll see @AlertMorris in your Twitter and Facebook feeds. Otherwise, follow @AlertMorris today!

## Also, Smart911

**AlertChathamBorough** also automatically signs you up for **Smart911** which provides you and your family with potentially life-saving **Smart911**, which is an important and free emergency 9-1-1 call component for those jurisdictions (including Morris County) who's 9-1-1 center utilizes this product.
