

Keep Borough Roadways Clear Overnight and During the Snow Storm

In advance of anticipated snow accumulations forecasted for early tomorrow morning and afternoon, the Chatham Borough Police Department and Public Works asks all residents to refrain from parking on Borough roads overnight tonight and during the storm to allow efficient snow removal operations and emergency response.

Residents with basketball hoops located on Borough roads are asked to relocate them off roadways and sidewalks to keep road clear for snow plowing operations.

Please take precautions if you need to travel.

If you lose power, please call JCP&L at 888-544-4877.

When possible, please clear a 3-foot radius around all fire hydrants and check-in on your elderly neighbors.
