Space is limited. Please register now!

This is your opportunity to come out and learn about the water quality along your stretch of the Passaic River.

GSWA will present the 2016 Water Quality Report Card as well as give an update on our new Downstream Passaic River expansion sampling to date. Sandra LaVigne, Director of Water Quality Programs at GSWA, will present a brief talk on the status of our streams both throughout the Great Swamp Watershed and the region of the Passaic River between Millington Gorge and Stanley Ave Park in Chatham.

Registration is required.
